THE RIGHT TOOLS FOR A SUCCESSFUL SHUTDOWN

ENERPAC®

THE RIGHT TOOL MAKES ALL THE DIFFERENCE

PERFECT FOR SHUTDOWN CONTRACTORS, SUBCONTRACTED SERVICE PROVIDERS, RENTAL COMPANIES AND THE EVERYDAY USER

We understand that Plant Shutdowns and Turnarounds can be challenging and complex. You need to make sure your personnel are kept safe, your budgets are controlled, and your projects come in on-time, every time.

SHUTDOWN SORTED

In this promotion we've packaged together all the tools you need to get your shutdown sorted. Save money with free tools and accessories that will give you the confidence to complete your projects on-time and on-budget.

FREE EXTRA DRIVE UNIT

Double your productivity with an additional torque wrench drive unit when you buy a single drive unit and three cassettes.

1x + 3x = FREE OF CHARGE

Free drive unit within the same size range as the smallest cassette acquired

FREE BACK-UP SPANNER
WITH EVERY TORQUE WRENCH

Work safer with the Enerpac back-up spanner, the **spark free** alternative to flogging spanners. These tools **won't lock on and they fit** easily onto the rear nut during the make-up or break-out of bolted joints. Get one free with every complete torque wrench.

Free Back-Up spanner within the same size range as the acquired torque wrench

HYDRAULIC TORQUE WRENCHES

These truly versatile tools utilize standard impact sockets, optional direct allen-key drives or interchangeable hexagon cassettes, to provide controlled tightening of multiple sized fasteners per tool. Optional accessories further extend the application range of these products.

Available with:
S, W, RSL, DSX & HMT Series Torque Wrenches

FREE HOSE & 1 LTR OIL

Power-up your Shutdown maintenance programme with a free hose and 1 ltr of hydraulic oil with every torque or tensioning pump you purchase.

PUMPS

Enerpac recently added a variety of new torque pumps to its portfolio. So if you're looking for speed, control, intermittent or heavy-duty performance, you can be sure that Enerpac has a hydraulic power unit to suit the application. Enerpac offers the most comprehensive high pressure pump line available.

Available with:
LA2504TX-QR, ZA4208TX-QROP, TQ700E, XC1502TE, EP3504TE, ZUTP1500E, ATP1500

FREE ADAPTOR & BRIDGE KIT
HM-Series, GT-Series

FREE QUICK FASTENING NUT
EAJ-Series

Free adapter & bridge kit or quick fastening nut based on smallest tensioner load cell ordered.

HYDRAULIC BOLT TENSIONERS

Bolt maintenance is a critical time element in shutdowns. So why not lighten the load with a free adaptor or quick fastening nut with every two tensioner load cells purchased.

Pump set includes P39 Pump, HC7206C Hose and GA45GC Gauge.

NUT SPLITTERS

Don't let seized and corroded nuts hold-up your shutdown maintenance schedule. For every 3 nut splitters purchased get a free hand pump, gauge and hose set.

Available with:
NSH1927, NSH2432 , NSH3646, NSH5065, NSH6575

FREE HAND PUMP SET
WITH EVERY 3 CUTTERS YOU PURCHASE

FLANGE SPREADERS

No longer will those tasked with separating flanges have to rely on using ropes and pulleys, podgers, tirfors, come-alongs or hammers – there is a safe, quick and effective alternative, the Enerpac range of spreaders.

Upgrade available for:
2x SWi2025TEMINSPB = SWi2025TEMAXSPB
2x SWi2025TEMINEX = SWi2025TEMAXEX

FREE UPGRADE

Buy 2 mini flange spreading sets and receive a complimentary upgrade to a Maxi Set, which includes a free hand pump and hoses.
